## INSTRUCTIONS

1. Thin down Chiffon paint by mixing 50% water with 50% paint.
2. Use a fan brush to apply 2 coats of the watered-down Chiffon paint to the top of the ring dish. Sweep the brush in an x-shaped motion to give the background a soft water-color feel.
3. Allow the ring dish to dry.
4. Use a medium brush to apply 3 generous coats of Blush to the side/edge of the ring dish.
5. Next, use a writer bottle with Blush paint to apply the rows of dots. To get small dots, you only need a very light amount of pressure, don't squeeze too hard. It's best to get the bottle flowing and practice a few on paper/mat before applying to the piece.
6. When the dots are dry, flip the piece over and apply three coats of Blush to the bottom of the dish

## TIPS

- Apply 3 generous coats of the Blush on the sides and back of the piece, that color is translucent and looks more solid when applied generously.
- Practice the dots on the paper/mat before moving to the piece to get the hang of how hard to squeeze.
